I have availed Sanjay ji's mind management classes since the last 6 months and I must acknowledge and appreciate the fact that he does teach people how to manage their minds. After attending his classes regularly, I can state that mentally I am more sorted, I have more belief in my capabilities, I feel more in control of my life, and most importantly, I feel happier and relieved of stress. I would like to thank Sanjay ji for helping me grow mentally and would highly recommend him to people who seek growth in their life.

I began my learning journey with Sanjay ji during the 2020 lockdown through an NGO. His month-long Manifestation course (The Master Key System) was a revelation – suddenly, the universe and its ways made sense, and I even witnessed my desires manifest. Returning to Sanjay ji in 2022, his teachings further clarified complex concepts, notably reducing my anxiety and empowering me to naturally control my emotions. Sanjay ji has been a mentor in every sense to me and has always made me comfortable to talk to him about anything. Trusting wholeheartedly in his teachings, I feel truly blessed to have imbibed so much wisdom at such a young age and I wish to keep learning from him ahead.
